## **Free Online Zoom Meetings Instructions**

If you never used Zoom Meetings, follow these instructions a day or two before Sunday, March 10 to be assured everything will go smoothly.

- By 2:15 p.m. on Sunday, March 10, open the internet browser on your computer, tablet, or smartphone and type in [zoom.com](https://zoom.com)
- Once on the **zoom.com** webpage, in the upper right corner click **“Join”** or if you see **“Join Meeting”**, click this button
  - If you used Zoom before on your computer, tablet, or smartphone, you will be asked to switch to the Zoom app – click **“Open”** to allow this
  - If you NEVER used Zoom before, you’ll be directed to download the app – follow the step-by-step instructions from Zoom
- Enter Meeting ID: **599 646 6483** and Password: **WMC** (must be capitalized)
- A window with two tabs will open to choose from where the Audio comes. Select the tab to the right: **“Computer Audio”**. You’re ready for Seminar to start!

If you do **NOT** have Audio on your computer/tablet (smartphones have audio), select the tab to the left: **“Phone Call”**

- Use your house or cell phone to call any of the phone numbers listed (but here are two of them: 1-646-931-3860 or 1-929-436-2866)
- After your call is answered, enter
  - Meeting ID (**599 646 6483**) and the # (pound) sign
  - Your individual participant ID – not needed, just click the # (pound) sign and you will get in
  - Passcode (**232143**) and the # (pound) sign – you’re ready for Seminar!

### **Everyone please take note:**

- Audio will be automatically muted upon entering the meeting – we ask you remain muted unless you have a question to ask at an appropriate time
  - If using **“Computer Audio”**, click on the **“Unmute”** button to unmute  
Click on **“Mute”** again when you’re done talking
  - If using **“Phone Audio”**, click \*6 on your phone to unmute  
Click \*6 again to mute when you’re done talking
- Video will be off upon entering the meeting - if you’d like to be seen by others, click **“Start Video”**. You can click on **“Stop Video”** at any time to not be seen
  - A web camera is not required for Seminar - you can just listen and watch
